

# You Got the Template!

## Let's Make a Spiral Chip & Dip Bowl! 🌀

Hey there, clay friend!

Thanks a tonne for grabbing the template for my Handbuilt Spiral Chip & Dip Bowl—this is one of my favorite projects to make and share!

If you haven't already seen the full video tutorial, head on over to YouTube and watch the magic unfold:

This little spiral number is the perfect combo of eye-catching and practical—great for parties, snacks, or just showing off your clay skills.

You may have to print this in tiles and tape together the pattern.

Cut out the spiral shape and trace it onto your clay slab.

Curl, press, and smooth it into that beautiful spiral (just like in the video). Add your own flair—stamps, textures, or that glaze you've been dying to try.

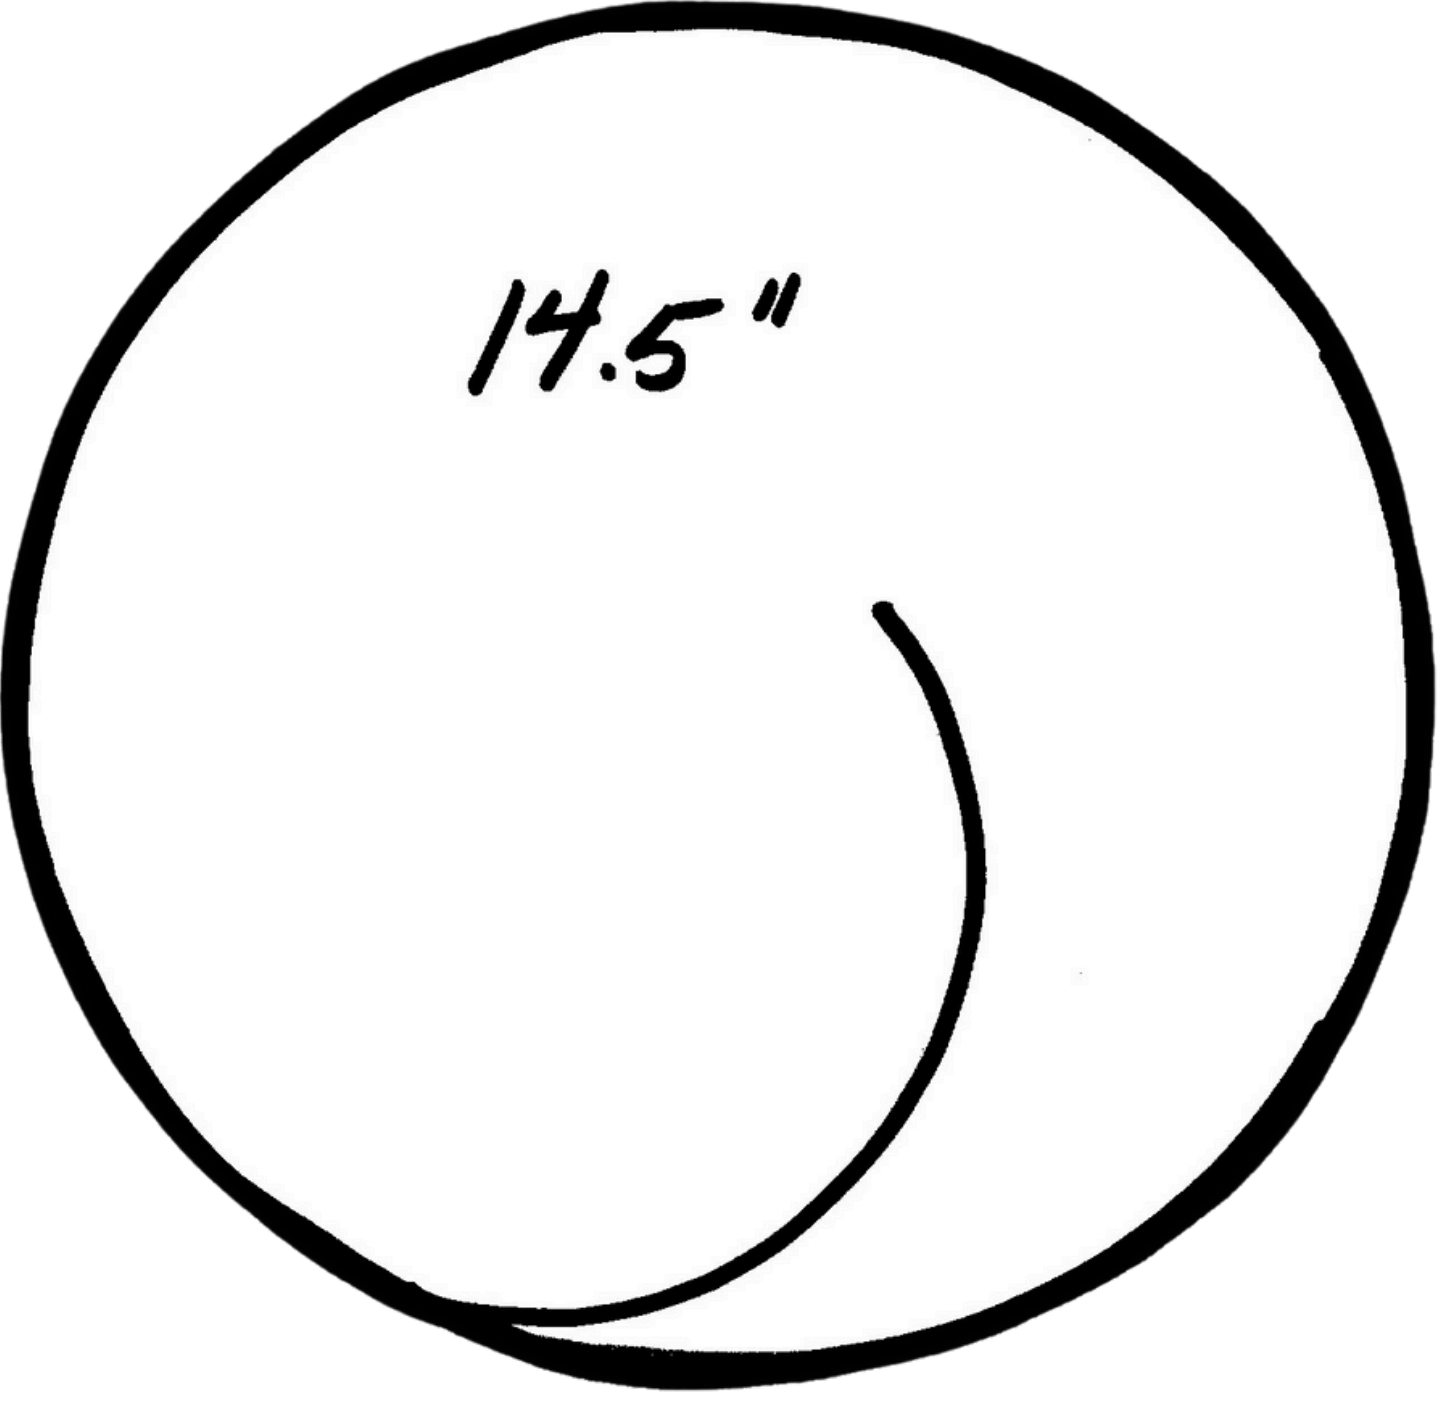

💡 These bowls make amazing gifts or best-sellers at markets!

If you end up making one (or a dozen), I'd love to see it! Tag me on Instagram or drop a comment on the video. Seeing your creations totally makes my day.

Happy spiraling and happy snacking!
